## **\*INTRODUCTION**

### **TRANSITS: Transits to Natal Interpretations**

These interpretations have been written to apply to transits to a geocentric tropical natal chart using a quadrant-based house system.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Australian astrologer Stephanie Johnson has written the text in this report. Stephanie holds a Bachelor of Arts (Journalism) and was a journalist in Australia, England and the USA for 15 years before becoming a professional astrologer. She is currently a consulting astrologer, is Company Director of Esoteric Technologies Pty Ltd in Adelaide, Australia and Editor of the Australian Data Collection. She holds the FAA Practitioners' qualification and was a former editor of the Journal of the Federation of Australian Astrologers. Stephanie has also completed the Robert Zoller Certificate in Medieval Astrology. Keywords relating to transits of inner planets have been extracted from Bruce Scofield's DAILY ASTRO REPORT keyword text, by permission of Astrolabe Inc. ### **PROGRESSIONS: Progression Interpretations**

Astrologers use the term "Progressions" to describe a particular technique of moving planets forward in time. This technique is aptly named because it describes how a person progresses through their life. Progressions describe the different phases in our lives as well as our inner urges and how they affect our lives rather than dramatic outer events.

However, our urges can significantly affect the way in which we react to circumstances and therefore our decisions. It is important that we go with the flow rather than fight against the tides of our lives. Therefore Progressions are likely to show us signposts in life's journey and consequently help us gain wisdom and understanding. Some astrologers believe that Progressions are signs from our soul or higher self; others place less emphasis. We suggest

that you read on and see for yourself.

**PROGRESSED MOON SQUARE NATAL MARS**

(7th House to 4th House) Exact Sep 28 2008

You are feeling energetic right now, ready to tackle big jobs and new activities. You may also feel a readiness to face any fears that have previously blocked your ambitions. Therefore this period is conducive to undertaking any tasks or projects that require concentrated efforts and initiative. You may initiate a new field of activity or you may be forced by someone else or circumstances to take on a project that you previously would have shied away from. Either way you have the drive to succeed. One of the risks of this phase is that you are tempted to go overboard in your efforts to achieve your objectives because you are keen to move forward regardless of the costs. Impatience may mar this period. Therefore you need to ensure that you pay closer attention to your aims. Patience and collaboration are needed, rather than competition. Save any competitive urges for a demanding sport or solo adventure rather than projects that require the co-operation of other people. Avoid rash decisions and stressors that trigger your temper and this can be a rewarding phase during which your motivation is strong and your achievements satisfying.

This is a metaphysical time during which you have the opportunity to become more alive and open to life's excitement but it is also possible that you will take up activities that, although not obviously linked with your ultimate purpose, will stand you in good stead later in life.
